

# 101 Things For Young Mariners: Build, Try, and Do on the Water

Are you a young mariner looking for new adventures on the water? Look no further! We have compiled a list of 101 exciting activities for you to try, build, and do on the water. From boating to fishing and everything in between, these activities will keep you engaged and entertained all summer long. So grab your life jacket and let's dive in!

## 1. Build a DIY sailboat

If you're feeling crafty, why not build your own sailboat? There are plenty of DIY sailboat kits available online that you can use to create your dream vessel. Not only will this project teach you valuable woodworking skills, but it will also allow you to explore the water in a unique and personalized way.

## 2. Try your hand at kayaking

Kayaking is a fantastic way to explore rivers, lakes, and even the ocean. Whether you prefer leisurely paddling or adrenaline-pumping whitewater rafting, kayaking offers a variety of experiences for all skill levels. Grab a friend and embark on a kayaking adventure you won't forget!

### **3. Go fishing**

Fishing is a classic water activity that never gets old. Cast your line and see what you can reel in! From freshwater bass to saltwater marlin, the thrill of catching your own dinner is an experience every young mariner should have. Don't forget to check your local fishing regulations and obtain the necessary permits before heading out.

### **4. Build a sandcastle**

Head to the beach and unleash your creativity by building a magnificent sandcastle. Sculpt towering turrets, dig moats, and decorate your masterpiece with seashells and seaweed. Building a sandcastle is not only fun but also a great way to bond with friends and family.

### **5. Go paddleboarding**

Stand tall on a paddleboard and glide across the water's surface. Paddleboarding offers a unique vantage point to appreciate the beauty of nature while getting a full-body workout. Don't be surprised if you spot some marine life swimming beneath you!

### **6. Try water skiing**

For those seeking an adrenaline rush, water skiing is the way to go. Strap on a pair of skis and hold on tight as the speedboat pulls you across the water's surface. It may take a few attempts to find your balance, but once you do, the thrill is unmatched.

## **7. Build a floating dock**

If you have access to a private lake or pond, consider building a floating dock. This project requires some handyman skills and materials, but the end result is worth it. A floating dock provides a perfect spot for fishing, sunbathing, or simply enjoying the serenity of the water.

## **8. Learn to navigate using a compass**

Mastering the art of navigating using a compass is an essential skill for any young mariner. Whether you're sailing across the open sea or exploring a hidden cove, knowing how to use a compass will keep you on the right track. Take the time to learn different compass techniques and practice your skills on the water.

## **9. Go snorkeling**

Discover the fascinating underwater world by going snorkeling. Grab your mask and snorkel and dive beneath the surface to explore coral reefs, vibrant marine life, and hidden treasures. Snorkeling is a popular water activity that allows you to get up close and personal with nature.

## **10. Try underwater photography**

Capture the beauty of the underwater world by trying your hand at underwater photography. Invest in a waterproof camera or housing for your existing camera and experiment with different settings and techniques. You'll be amazed at the stunning images you can capture below the surface.

These are just a few of the many exciting activities young mariners can build, try, and do on the water. The possibilities are endless when it comes to exploring and enjoying the aquatic realm. So don't miss out on this opportunity to create unforgettable memories and develop essential skills that will last a lifetime.

Remember to always prioritize safety and follow any local rules and regulations when engaging in water activities. Whether you're a novice or seasoned mariner, there is always something new to learn and experience on the water!

Spark a passion for sailing and the outdoors in your child

From the Moonbeam Children's Book Awards  
bronze medal winner!

Ever since humankind began seafaring, boats and shoreline adventures have produced sturdy, independent, creative, self-reliant kids. From the author of the bestselling Complete Sailor and proud father of a boy mariner, here is the book for all parents who want to introduce their kids to the world of boats, boating, sailing, the shore, and the sea. It provides dozens of adventures and activities for kids, and a plethora of projects for you and your kids to do together.

Topics range from how-to to fanciful, in random organization so that each excursion into the book turns up unrelated gems on facing pages. The Anti-Pirate

Potato Cannon encourages your kid to get outdoors and on the water, to build things, to try things, to cultivate their curiosity, to learn self-reliance, and to get a giant dose of the magic of seaside adventure.

- Loaded with things for kids to do--build a rope ladder; build a Huck Finn raft from PVC pipe; catch and fillet a fish; go crabbing; skip a stone; body surf; waterski on bare feet; chart a cove; learn the great sea battles; build a sandcastle; navigate; win a sailboat race; paddle a sea kayak; and a whole lot more.
- Designed to cultivate a kid's curiosity about the natural world.

Topics include:

Where's the wind coming from; How high is that wave; An anti-pirate potato cannon; Brew your own biofuel; Make a dugout canoe; Build a Huck Finn raft from PVC pipe; Skip a stone; Build a sandcastle; Carve a paddle; Row a boat; Escape a rip current; Go kite sailing; Navigate by the stars; Carve a half-hull model; What's on the bottom; A journey to the abyss; Don't wrestle an alligator; A dinghy camper; How to dive with mask and snorkel; Build a motorboat from cardboard tubes; Body surf; Recognize ships; Discipline in the Age of Sail: cat-o-nine tails, hanging from the yardarms; Steer without a rudder; Chapter 25.
