This is a three-poem sample from William Peskett's collection The Thailand Sonnets. The sample is intended to be free of charge; this retail platform requires a cover price but allows the sample to be given away free from time to time. You should wait for such a moment.

Reading the sample may give you a taste for the collection itself, and what could be more unusual, and more alluring, than a collection of 38 sonnets about

modern life in Thailand? Most people think of the sonnet as a rather dry form of verse, but in fact the rhythm and rhyme it requires make it proceed at a rollicking pace and the discipline of getting the story across in only 14 lines makes for economy of expression.

If you want to know about making merit, ladyboys, elephants, bar ladies, Songkran, the jungle and all the other things that go with living in one of the most fascinating countries in Asia, then have a go at this book.
