“May you always be surrounded by the beauty of nature. Follow your heart & dreams to new places.”

Something tragic is going to happen that will leave the author near death. And that is exactly how the tale unfolds. Caught in a storm high on Mount Whitney in the Sierra Nevada Mountains, the author slips and falls. She comes close to death before she and her cross-country skiing companion painfully make it down the mountain five days later.

Muenchrath's book, however, is much more than this. It's about going forward, afterward. It's about finding ways to overcome pain and fear so the author can continue hiking her beloved mountains, including those in the Himalayas. It's about doing what she promised herself she would do—if she lived until morning.

It is a true, heartwarming story.
