Binge the complete trilogy.

Zombies. Survival. Love? As far as Joy was concerned a day at the spa with her spoiled sister-in-law, Grace, was as bad as things could get... That was before the nail tech turned into a zombie while Joy's feet were in the pedicure tub. The zombies are only the beginning of what Joy will face as she races to get to her brother on a military base in Florida. Just as she gets a grip on how to survive, a run-in with a group of armed survivors leaves her starting over. Questions form as fast as relationships as she seeks safety in the arms of people more dangerous

than the zombies. Is it possible to find love in a world where monsters are real and not all of them are zombies?
