A land of magnificent World Heritage Sites and a thousand tourist clichés, Egypt was enticing visitors millennia before Mr Thomas Cook sailed his first steamers up the Nile. It was in Egypt that the Holy Family sheltered, Alexander conquered and Mark Antony flirted. Napoleon stopped long enough to pilfer a few obelisks, the Ottomans paused to prop up the great and barbarous pasha Mohammed Ali, and the British stayed around to get the train system running and furnish every spare nook of the British Museum. And all this was long, long after Menes united the two states of Upper and Lower Egypt, and set the stage for one of the greatest civilisations the world has ever known.
