All the martial artists wanted was to earn a spot in history.

Some blended in the crowd, and some didn't. Some worked their way to the top and some became nothing but heaps of dust on the ground. Some were born into riches and jewels, and some were born with nothing but a strong mind and a great talent, like Zen Luo.

However, when he saw just how unfair the world was, he couldn't stay put and set out on a journey towards greatness, with only two goals in mind: To witness the world from the very peak of martial arts and to provide a safe and happy future to the people he cared about.
