Detailed authoritative explanatory answers to 21 recently released MBE questions from the National Conference of Bar Examiners (NCBE). These are actual multi-state bar exam questions from past MBE bar exams. Includes detailed explanations: why the right answer is the best choice and why the wrong answers are wrong.

TWO QUICK BAR EXAM TIPS:

1. Trick Questions

Sometimes there is no correct answer! Other times no correct answer is given! Sometimes there are two or more correct answers! YOU MUST CHOOSE THE BEST ANSWER=THE ANSWER LIKELIEST TO BE ACCEPTED BY THE COURT

2. Process of Elimination

- 1) Eliminate clearly wrong answers first. Then,

- 2) Choose the best answer among the remaining choices. Trust your "guess" because it is probably right, you just don't remember for certain, and you have no time to lose. When stuck on a question make your best guess OR skip it and hopefully you can get back to it. You are better off guessing though because you probably will not have time to return to the question and $1/4 > 0/4$ odds.
