Inside:

- tips;
- actual prices;
- things to see;
- travel photos;

Vietnam is the country of dragons, rice fields, and straw hats. But it's also a home to various ethnic minorities, beautiful beaches, and wonderful cuisine. Everyone will find a place there. With great weather, cheap life and places straight out of fairy tales it looks like a perfect travel or living destination.

First two weeks of our crazy South-East Asia journey we spent in Vietnam. It was a journey to all must-see of this country. From the Hanoi in the north to the Mekong Delta at the very bottom. It was intense, full of amazing people and emotions. I hope my journal will be helpful in deciding on a travel destination, trip organization, inspiration or just nice lecture.

Every described place contains information about things to see, culture, my feelings about it and actual prices. Vietnam is very friendly for travelers. It has great infrastructure and transport. So don't be afraid and live your life!
