THE ENTIRE UNADJUSTEDS TRILOGY IS HERE!!!

Don't miss out on the best-selling 5-star dystopian trilogy!

IF YOU COULD ALTER YOUR DNA WITH ONE PILL...WOULD YOU?

THE UNADJUSTEDS is perfect for fans of The Hunger Games by Suzanne Collins, Divergent by Veronica Roth, Maze Runner by James Dashner, Shatter Me by Tahereh Mafi & The Darket Minds by Alexandra Braken.

When the president declares all unadjusteds must take a nanite, sixteen year old Silver Melody has no choice but to flee the city. She has no genetic enhancements. She is 100% human, and wants to stay that way.

Escaping with her family and friends, Silver plans to hide out and deal with an awkward love triangle while her scientist father makes a cure. But she doesn't count on her father being captured, on the president setting an immortal army and hellhounds on her tail, or dealing with her crippling anxiety.

Her only chance to recover her father involves teaming up with a new group of unlikely friends and rescuing him before the unadjusteds are wiped out.

Praise for *The Unadjusteds* □□□□□

“A pacy dystopia that romps along - speculative fiction at its most moreish! I love books exploring questions like this...what does playing god mean? And what's it like when you're the odd one out in the world? Perfect for 12+. Loved the mental health angle too, sensitively handled.” – Louie Stowell (Author).

“I loved this book. Great characters and an absolutely brilliant concept! This will appeal to anyone who enjoyed *The Hunger Games* / *Twilight*.

The writing was fantastic and the pace was perfect throughout - I was gripped from the first page. The characters were well drawn and I cannot wait to see what happens to them next! I could easily see this being picked up for a film option.” – Catherine Emmett (Author)

“As soon as I read the synopsis for this book I was dying to know more. The concept really intrigued me – a world where the majority of the population have altered their DNA? It was such a fascinating idea. When I picked up the book I completely fell in love with this world and these characters, a unique and engaging tale, one that is perfect for fans of Suzanne Collins’ *The Hunger Games* and Emily Suvada’s *This Mortal Coil*.” - The Bibliophile Chronicles (Blogger)

"Silver is her own person, and Central City is like no other place I've ever read. When you add the bits of fantasy and sci-fi you get a fabulous dystopia." - My bookish Bliss (Blogger)

"I definitely got Hunger Games and Divergent vibes from this book... It brings a fresh new twist and still has the romance and action that we expect!"
