Although the technologies of war will always change, the insights of great leaders are timeless. And at no time are those lessons more important than in the heat of combat with lives on the line. The key is in preparation before a conflict. Battle Leadership helps you be prepared by teaching such essential skills as:

How to handle different personalities under extreme stress.

How to prepare your troops psychologically for combat.

Insight into proven battlefield tactics (even if some of those tactics are only still relevant for their historical insights).

How to instill confidence in those following you.

While military tactics change, the wisdom of true leadership invariably holds.

These lessons can even be applied to running a business, non-profit or government department, but they are crucial to every military commander or

aspiring officer. Find out why when lives are on the line, generations have turned to and continue to learn from Battle Leadership.
